Tools Required

- 10mm Socket and Ratchet
- Philips and flat head screw drivers
- Torque Wrench
- Trim Tool

Icon Legends / Cautions

- : Remove/Disconnect
- : Install
- : Location of Clip or Screw

1) Read all instructions before proceeding with installation. If uncomfortable performing any procedures, have installation performed by a Subaru dealer technician.
2) Take care not to damage vehicle components during removal and installation.
3) Route wiring so that it does not rub against any sharp edges.
Installation

1-1
Disconnect Negative (-) battery cable from the battery sensor terminal. Hold the battery sensor carefully when removing the 10mm nut.

1-2
Remove three (3) clips and pull down the fender liner. Free fog lamp harness connector from the breakaway tape.

1-3
Remove clip from fog cover blank
Squeeze six (6) tabs and push fog cover blank forward to release

1-4
Ensure correct fog lamp is selected for each side of vehicle.
Place fog lamp into position inside bumper and push forward to engage lower clip.
## Installation Instructions

**Part Number:** H451SAN100

**Description:** Fog Light Kit, Outback

### 1-5

**Top clip location**

With Fog Lamp in position, hand thread bolt into side of lamp assembly.
Locate top clip hole and insert/lock clip.
