Icon Legends / Cautions

- : Remove/Disconnect
- : Install
- : Location of Clip or Screw

1) Read all instructions before proceeding with installation. If uncomfortable performing any procedures, have installation performed by a Subaru dealer technician.
2) Take care not to damage vehicle components during removal and installation.
3) Route wiring so that it does not rub against any sharp edges.
Installation Instructions

Part Number: H451SAN100
Description: Fog Light Kit, Outback

Installation

1-1
 Disconnect Negative (-) battery cable from the battery sensor terminal. Hold the battery sensor carefully when removing the 10mm nut.

1-2
 Remove four (4) clips and retain for reinstallation

1-3
 Pull down belly pan to reveal remaining bolt holding fender liner in place.

1-4
 From inside, locate and remove philips head screw securing fog light cover. Retain screw for reinstallation.

Remove fog light cover.

Remove Halogen Fog Lamp. Retain Clip, Bolt and J Nut
Install Fog Lamp Cover. Reinstall fog light cover screw, fender liner cover bolt and four (4) clips. Repeat install for remaining side of vehicle.

Connect Negative (⁻) battery cable to the battery sensor terminal.

Torque to 7.5Nm (5.5 ft lbs)
