Denotes specific tools that are necessary to complete the step.

Denotes instructional steps necessary to complete the process.

Denotes safety equipment required to be used such as a mask, goggles, rubber gloves, and hearing protection.
PREPARATION - BEFORE INSTALLATION:

1. This product should be installed with proper installation tools.
2. Install this product while observing all warnings and precautions stated in this instruction booklet.
3. VERY IMPORTANT: Thoroughly wash vehicle with Soap and Water.
4. Parts storage should be flat at room temperature and in a clean dry place. Care should be taken to avoid a dusty environment.

Notes to the Installer

1. Read the entire installation instructions prior to beginning the installation of the accessory.
2. Ensure that the vehicle is properly protected in the area that the accessory is to be installed.
3. To prevent vehicle damage, never place tools on top of painted surfaces, seats, dash pad, console or floor carpet / mat.
4. Always wear appropriate safety gear to include gloves and eye protection when required.

Left Front Door Sill

Thoroughly wash vehicle with a soft lint-free cloth. Wipe front and rear sill areas where the Sill Plates will be installed with alcohol wipes. Allow the area to dry completely.

Left Rear Door Sill

Cut out supplied templates. Align end of template with end of interior trim. Use masking tape to secure templates into place. Locate front and rear Sill Plates into place using the templates as shown above. Make sure that sill plate pattern aligns to step trim pattern as shown.

NOTE: Sill Plate should remain on flat surface only, not on radius.
